DR. ACKER MUST PAY FOR BELGIAN BLOCKS

DECIDED AT MEETING HELD YESTERDAY AFTER-NOON

USED TOO MANY

Through Some Misunderstanding More Blocks Than Granted Were Used.

At a recent meeting of the city council a request from Dr. H. H. Acker for a retaining wall against his property on McCully street was discussed, and a special committee of the council was appointed to make an investigation in the premises and to make a report at this meeting of the council. Some time ago Dr. Acker got permission to haul some Belgian blocks from drains being torn up to fix his drive way leading from McCully street, the drive way being made steep when McCully street was improved several months ago. Through some misunderstanding Dr. Acker procured more blocks than was intended, claiming that he had procured permission from an employee of the city to do so. The blocks were used in underpinning Dr. Acker's home. The mayor stated that he had notified Dr. Acker that the few blocks given him were intended for the drive way, and that the number of blocks hauled and used in underpinning the house was entirely unreasonable and contrary to the permission granted him by any person having authority to give such permission.

The matter was discussed for several minutes, Mr. Barton, Mr. Tate, Mr. Spearman and Mr. Dobbins declaring that they agreed with the mayor and that Dr. Acker should be called upon to pay for the Belgian blocks—all those used in underpinning his house, although only three few intended for his drive way. Mr. Carter said he was not familiar with conditions, but he agreed with the mayor and members of council in their expressed opinions that it is wrong for material owned by the city to be used in improving private property.

A motion made by Mr. Dobbins instructed the clerk to send a bill to Dr. Acker for the blocks procured without permission from proper authorities. It was stated that the account could be wiped out either by payment in cash or by giving to the city a deed for a strip of land along his frontage on McCully street sufficient in width for the city to extend the sidewalk up to Main street. The motion was adopted unanimously.

RIVERSIDE CAMP.

One of the most beautiful spots in this section is Halley's Ferry where the Riverside Camp is now located. The camp is equipped with every modern convenience and the river just at this point, is splendid for swimming, from 3 to 5 feet deep, with a good sand bottom. Just at present the camp is in the charge of Dr. and Mrs. J. N. Land of Starr and they have about thirty regular boarders, with from 10 to 15 transients every day. There is a nice dancing pavilion and a good fiddler is on hand every night.

Misses Mattie Hall and Bertha Cashin of Anderson have been spending the past week at the camp.

Misses May Ligon, and Helen Harris, John Townsend, Lawrence Hammett and Thomas Jacobs, were an automobile party on Tuesday to spend the day here.

Dr. and Mrs. S. C. Billden spent Sunday in camp.

Misses Rosamond Burdine, and Lounelle McGee, Messrs. Aaron King and Guy Bowlin came out for the day.

Mr. Harry Todd came down Monday for several days.

Fifteen gentlemen from mostly city officials will be entertained at a banquet on Wednesday.

Misses Kathleen McGee and Lois Price are spending a week in camp. Mr. M. F. McGee is a member of the camp for the week.

Some of the others in camp are: Mr. and Mrs. Feaster Jones, Mrs. Charlie Watson, Miss Lula Dean, Lawrence McCall, Eugene McGee, Glenn Simpson, Wm. Pettigrew, Diaz Strickland of Starr, Miss Ethel Reece of Hartwell, Miss Annie Halford of Blackville, Miss Mildred Godde of Woodruff, Mrs. Halley, Mrs. Goss of Hartwell.

How to Sell Eggs in Cities.
In the poultry raising department of the current issue of Farm and Fireside, E. L. Vincent writes in part as follows about the grading of egg:

"For a couple of years I have thought I was as near to a solution of this problem as the every-day farmer could get. I have found a man who takes our eggs on shipment allowing us the very highest market price and depending on what he can get over and above that for his price. He has not disappointed us nor cheated us, that we know of, up to the present time. He remits promptly and does not make extravagant claims about broken eggs."

"I know there is a better way than this, but for one who lives a long way from market, as I do, this is impracticable. I cannot make a trip to town every few days to sell eggs. It would take too much time, and time is money."

"In our city, 12 miles away, an association of poultrymen is being organized. The purpose of this association is to make better sales for its members than they can for themselves. A room is to be rented for the purpose of receiving and grading the eggs shipped in and forwarding them to the best available market."

Sleeping on the Sidewalk is Better Than Being in Waraw Now.

This is only one family which was found sleeping on the sidewalk of an East Side street in New York. Above the pavement reeked steam and odors in it. Sleep there was impossible. Mrs. Winkowski took her little brood out to the sidewalk. Even there they found hardly a breath of air. "But this is better than being in Warsaw today," said she when the flashlight awoke her. "Warsaw?" "Yes, I came from there a year ago. My sister is there now, in the middle of the war."

ALLIED FORCES RESUME ATTACK ON DARDANELLES

Paris, Aug. 10.—The allied forces have resumed attacks on the Turkish positions in the Dardanelles, says a Havas dispatch from Athens. The advantage is with the allies. They have made sensible progress. The Turkish losses have been heavy. The allied fleet bombarded the Turkish positions, inflicting severe damage.
